Ellisys to Showcase Revolutionary Bluetooth Protocol Analyzer at Technology Conference

One-Day Conference Brings Together Wireless Experts and Latest Innovations

Munich, Germany — October 3, 2011 — Ellisys, a worldwide leader in protocol test and analysis solutions, today announced that it is showcasing its revolutionary full-spectrum *Bluetooth* protocol analyzer at the *Bluetooth* Technology Conference 2011, being held today in Munich, Germany, at the Sofitel Munich Bayerpost hotel. This one-day conference, sponsored by the Bluetooth Special Interest Group (SIG), brings together key experts from the wireless industry, who will speak on topics ranging from sports & fitness devices to wireless products for remote health monitoring. Ellisys staff will present the revolutionary BEX400LE *Bluetooth* Instant Protocol Analysis System during a speaking session aimed at *Bluetooth* technology developers and integrators.

"We're excited to participate in the *Bluetooth* Technology Conference 2011 and to meet the various experts and technology developers in attendance," stated Mario Pasquali, Ellisys president. "We look forward to introducing our innovative and unique *Bluetooth* protocol analyzer at the conference."

Ellisys BEX400LE *Bluetooth* Instant Protocol Analysis System

The Ellisys BEX400LE All-Channel sniffer robustly records any packet, at any time, from any neighboring piconet, with zero-configuration and without being intrusive. The revolutionary BEX400 hardware engine, powered by proprietary Ellisys Rainbow™ technology, supports synchronous Full-Spectrum, All-Channel concurrent capture of Classic *Bluetooth* technology (v2.1 + EDR), *Bluetooth* v4.0 and the hallmark feature, *Bluetooth* low energy technology, as well as HCI traffic.

Explorer Availability, Product Photos, and Information

The Ellisys *Bluetooth* Explorer 400 Instant Protocol Analysis System is available from Ellisys directly or through a worldwide distribution network. For more information, including software downloads, please contact bt@ellisys.com or visit www.ellisys.com/products/bex400.

About Ellisys

Ellisys is a Test and Measurement company committed to the design and timely introduction of advanced protocol analysis solutions for USB, SuperSpeed USB 3.0, and *Bluetooth* wireless technology. More information is available on www.ellisys.com.
